

Webinar: Alternative Careers in Engineering

Pathways for newcomers who cannot or choose not to pursue re-licensing in their field

Internationally-trained professionals such as architects and engineers bring in-demand skills needed in the growing economy, but newcomers and employers can't always find each other.

This webinar will help you learn about alternative careers on engineering teams.

WHEN:

Wed – Jan 20, 2016

10:00 to 11:00 am
