

Accessing Health Services in BC

Join us for an informative session to learn how to access health services in B.C.

We will cover the following topics:

- Where to go when you don't have a family doctor: Information on walk-in clinics and urgent care.
- How to register with a family doctor.
- Immunizations and public health: An overview of vaccination services.
- Calling 911 and ambulance services: Guidelines for emergency situations.
- Details about Pharmacare and medication coverage.
